BOSCH

2.1-Underside of the assembled plate:

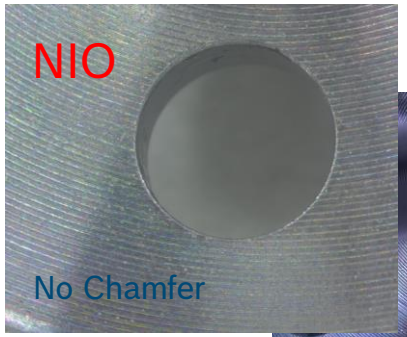

Areas which must be inspected :

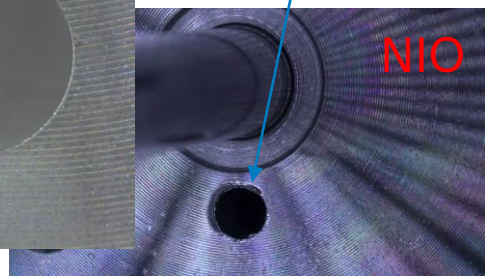

- Bad position of the holes
- Marks on the surface
- Burrs in the holes
- Bad chamfer around the holes

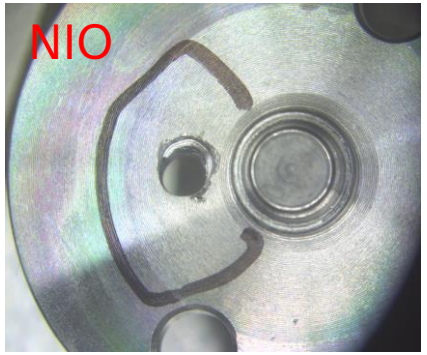

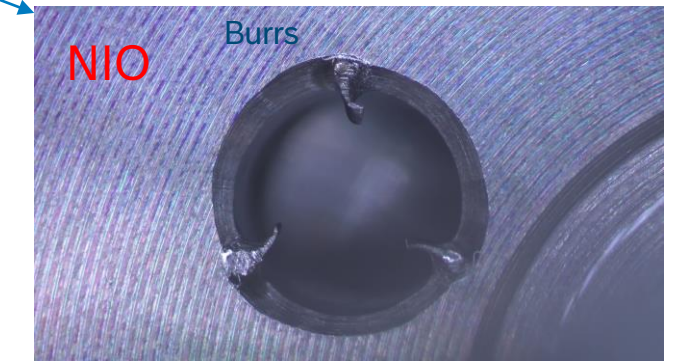

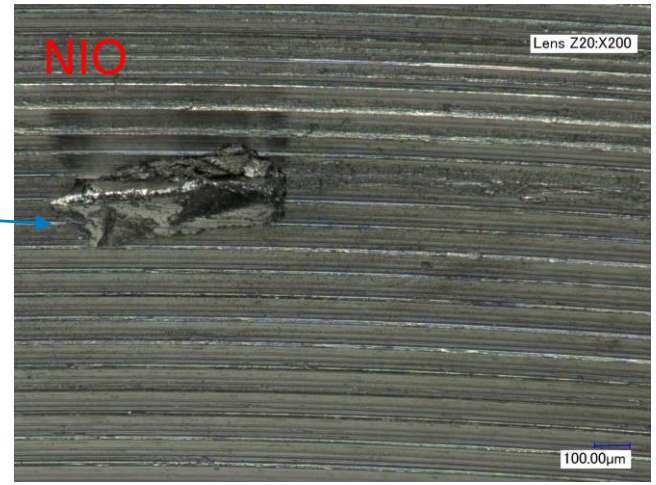

Interne | RzP/PJ-NB | 2024-06-11
Tous droits réservés, y compris ceux en relation avec toute utilisation, exploitation, modification, transmission, et dans le cas de dépôts d'un droit de propriété.

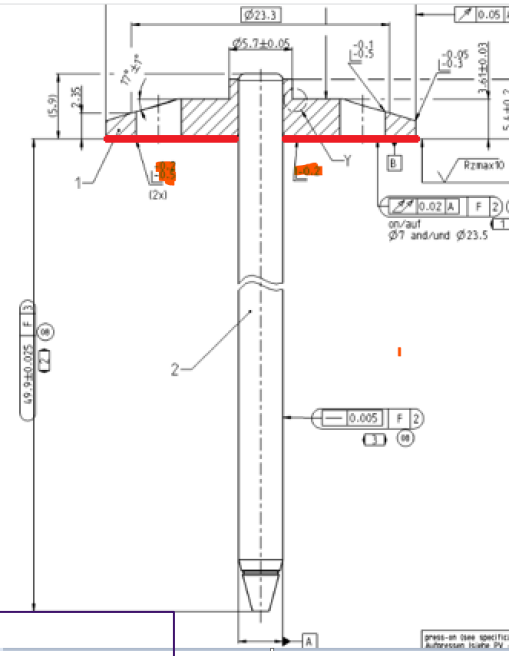

BOSCH

2.2-Underside of the assembled plate:

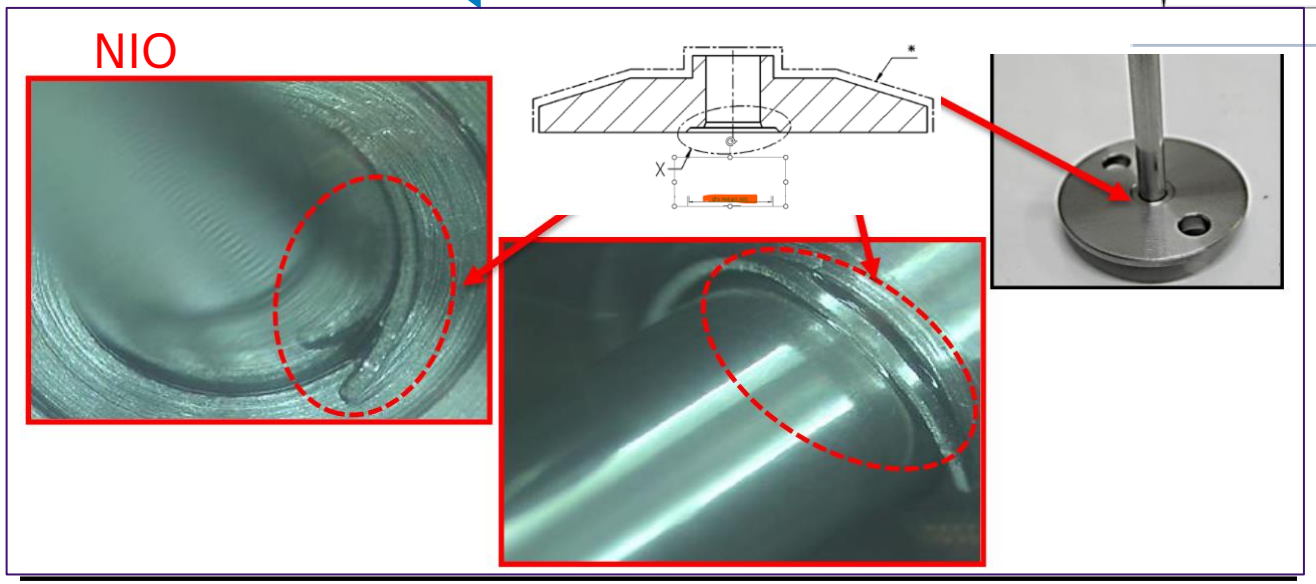

<u>Areas which must be inspected:</u>

- No particles on the surface
- No burrs or deformation in the assembly hole
- No corrosion

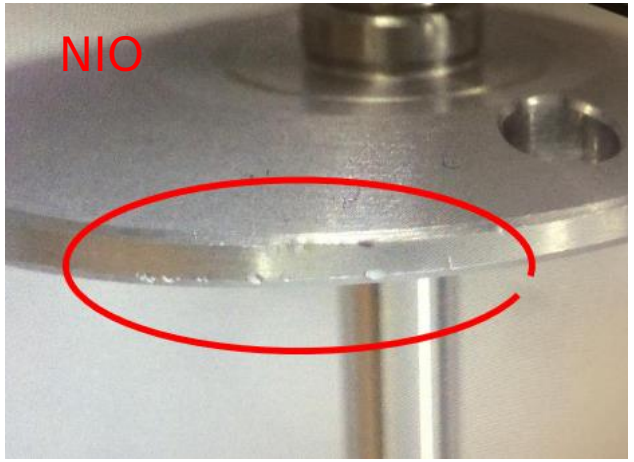

Interne | RzP/PJ-NB | 2024-06-11
Tous droits réservés, y compris ceux en relation avec toute utilisation,

3-Perimeter of the plate:

Areas which must be inspected :

- No marks on the perimeter of the plate

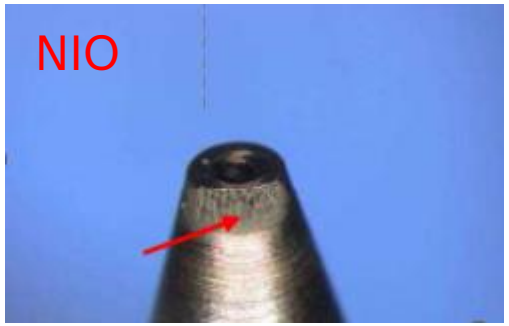

Interne | RzP/PJ-NB | 2024-06-11
Tous droits réservés, y compris ceux en relation avec toute utilisation, exploitation, modification, transmission, et dans le cas de dépôts d'un droit de propriété.

4-Surface of the Tip Pin

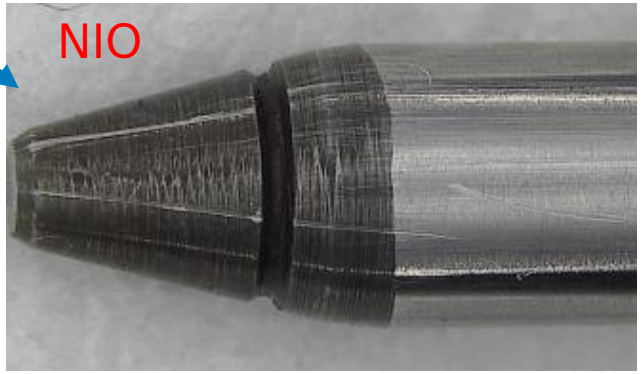

Areas which must be inspected:

- Marks on the pin tip
- Scratches on the pin tip
- Bad grinding of the tip
